Professional Experience

ICU Travel Registered Nurse **August 2020-present**
Vero RN, Cincinnati OH (agency)
Completed 4 13-week travel nursing contracts (see below)

Sierra Vista Regional Medical Center, San Luis Obispo, CA (12/15/20-3/15/21)

- Assisted small town hospital during COVID-19 crisis, 48-hours worked weekly
- Highly flexible float between several units in 13-week span depending on staffing needs
- ICU/CCU/NTICU: 1:2 patient ratio: medical, surgical, trauma – 32% time

Swedish Medical Center – Cherry Hill Campus, Seattle, WA (3/15/20-12/15/20)

- Provided patient care for a 66-bed medical/surgical floor with a nurse/patient ratio of 1:5 in Greater Seattle Level I trauma center; coordinated patient referrals and discharge planning activities.
- Served as a patient/family advocate and acted as a communication link between the physician, patient, family, outpatient and inpatient health care team, as well as community resources, to reduce redundancy and fragmentation of care.
- Achieved float nurse excellence in covering 4-hour patient assignments, bridging the 8-hour staff nurse continuity of care.

ICU Staff Registered Nurse

May 2016-February 2020

Christ Medical Center, Cincinnati, OH

- Provided highly skilled nursing care for 1:3 ill and injured patients on a 17-bed unit
- Precepted charge nurses, staff RNs and assisted in the training nursing students
- Contributed to the revision of the units RN orientation program to reflect recommendations of the American Association of Critical Care Nurses
- Improved unit compliance of staff training records by 20% of approximately 60 staff members to adhere to standards for Joint Commission Survey

Medical/Surgical Staff Registered Nurse

May 2014-May 2016

Christ Medical Center, Cincinnati, OH

- As a Medical Surgical Nurse, I earned my BSN and I worked on committees one most accomplished was with the "No PASS ZONE" which required all disciplinary employees to respond to the patient call light to prevent prolong patients wait for help or assistance. I received the FIVE star reward from patient recommendation for excellent care.
